A collection of short stories by author Sue Hampton. Reviews include “I loved the underlying story of beauty not being in the eye of the beholder. The Brute and the Beast is wonderfully written with an abundance of fantastic details and adjectives to let the mind visualise the scenes and personalities in the book.”

About the author

Sue Hampton is the author of more than thirty titles now, for all ages and across most genres. That’s only been possible because she has six publishers (if you count ARIA, an e-book and audio-book for grown-ups with Create). Like many authors writing (mainly) for young readers, she used to teach. Now she loves visiting schools of all kinds, as an author – and the irrefutable, living proof of the power of stories. Sue is an Ambassador for Alopecia UK, a role dear to her heart as this is a fantastic small charity doing great work to support people of all ages with an odd and challenging condition.

Review

Nine stories... create distinct worlds populated by credible and mostly sympathetic characters... lead rich inner lives that are vividly described. You might say these are tales about dealing with life’s challenges: grief, isolation, loss, prejudice etc... The stories and characters are equally interesting. Some themes recur: the need to be accepted for who we are, for example, and the vital importance of integrity in general. The quality of the writing is consistently high, occasionally breathtaking, and it reaches its peak in the penultimate tale, Included. – *David Guest, editor, Berkhamsted Living.*
