What others say

"It is a very fascinating book. There is a lot of energy, the author is very lively....it is the best summary of the whole thing, the journalist's perspective, which makes me use it in my history classes and definitely market it in universities and those of us who are doing research and methodology I find this book to be a very good resource." - Ackson Kanduza, Professor of English and History at the Zambian Open University, Lusaka, Zambia

"The end of the First World War is part of the world history. This book adds value in preserving our history and it makes a significant contribution in telling the world that peace was declared in Zambia at the end of the war. This book will forever be part of this rich history which is even important to Zambia's tourism promotion." Dr Rodger Chongwe, renowned lawyer and retired politician
